F. Measures

Performance Measures

Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on [MN Statute 256J.626, Subdivision 2](#).

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The three-year Self-Support Index (S-SI): This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2023: [Minnesota Family Investment Program 2023 Annualized Self-Support Index \(state.mn.us\)](#). A service area with an annualized S-SI [above the family investment program 2023 annualized self-support index will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2024.](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

N/A

If your service area performed "above" or "within," you can go to Section G.

If your service area performed "below" for two consecutive years, you will have to **negotiate a multi-year improvement plan** with DHS. If no improvement is shown by the end of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

**F. Measures** (continued)

**Racial/Ethnic Disparities**

A racial/ethnic disparity is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the County/Tribal Nation or consortium. The report "Annualized MFIP Performance Measures by Racial/Ethnic or Immigrant Group and by County, County Consortium, and Tribal Provider" is now available at <https://public.tableau.com/app/profile/tyler.borgmann/viz/AnnualizedSSI-SuccessRatebyRacialEthnicorImmigrantGroup/SSI-SuccessRateDashboard-intro>

To view your agency's measurement, click on the "S-SI Success Rate by Agency" button. This will bring you to the statewide data for 2022. From the first drop down you can select your county, county consortium or Tribal Nation. If you note any groups that are below the line (Indicated by a green bar) your county, county consortium or Tribal Nation will answer the next question below:

What strategies and action steps for each of the groups below the disparities reference line do you plan to implement for the coming biennium to reduce these disparities?

American Indians are shown as not having these disparities.

Multiple race/ethnicities (or missing) are shown to have these disparities. We are on the Council for Equity and Inclusion in Minnesota and use this network to discussion strategies for this group to overcome adversities. We network with local Chambers of Commerce, MN Department of Employment and Economic Development staff as well as other local CareerForce Centers to discuss strategies to better assist our participants.

H. Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work, or a community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs per MN Statute 256J.626, Subdivision 2.

If your County/Tribal Nation is interested in applying for the waiver for the coming biennium, please complete the following four questions.

**I. Provider Choice**

MFIP provisions require counties to provide a choice of at least two employment service providers available to participants unless a workforce center is being utilized (MN Statute 256J.50, Subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (MN Statute 256J.50, Subdivision 9).

Does your County/Tribal Nation:

- Have at least two employment and training services providers. Go to Section 1.
- Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section 1.
- Intend to submit a financial hardship request.

**I. Provider Choice** (continued)

**Financial Hardship Request**

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the County/Tribal Nation had a choice of providers in calendar year 2023, describe:
  - factors that have changed which indicate a financial hardship,
  - why the hardship is expected to continue, and
  - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the County/Tribal Nation.

2000 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
  - major factors which prevent the County/Tribal Nation from utilizing these options and include a cost analysis of each option considered; and
  - the process used to determine the cost of other options (RFP or other County/Tribal Nation process).

2000 characters remaining

3. If the County/Tribal Nation proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant County/Tribal Nation funds. The description should include information about what steps will be taken to ensure that staff have the experience and skills to deliver employment services.

2000 characters remaining

Financial Hardship requests will be reviewed by the Department of Human Services (DHS) and the Department of Employment and Economic (DEED) leadership. DHS and DEED will also look at the amount budgeted by the County/Tribal Nation for employment and training during calendar year 2023 and use this amount as a guide to determine whether the amount budgeted by the County/Tribal Nation for calendar year 2024 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor County/Tribal Nation programs to ensure outcomes are achieved and services are being delivered consistent with state law. For additional information or if you have questions, please email Pamela McCauley at [Pamela.McCauley@state.mn.us](mailto:Pamela.McCauley@state.mn.us).
